3

KEY ADVANTAGES

Cold-Resistance

Designed for use in temperatures as low as 32°F/0°C without compromising performance.

Excellent Replaceability

Allowing consumers to replace front and back materials without needing to purchase a new target. The target bag, target paper, and black and white PU inserts can all be purchased separately.

Sustainable and Eco-Friendly

White PU : approximately 30% recycled material.
Black PU gel : around 55% biomass material.
